PITTSBURGH AND CRESSON RAILROAD. After Monday, October 16, 1865, on this road will run as follows:

PAID EXPRESS.—On departure of Altoona Accom. East. 5:10 P. M., on departure of Mail Train East. 8:40 P. M., on departure of Mail Train West. ENOCH LEWIS, Gen. Supt. ROBERT PITCAIRN, Supt. Pitts. Div.

HIGH PRICES.—FRESH MEAT.—If there be any necessity for the extra charges made for fresh meat in our market, we confess we are unable to see.

You are fond of steak, and pay the other 22 cents a pound therefor; your gratuity is for roast, for which you desire 15 cents a pound; or you like variety, and take half steak and half roast, paying 18 cents a pound. For beef round charge per pound is 16 cents.

Beyond controversy, "the times" are now they were one year ago. Last year the grain and grass crops were almost failures, making the fattening of cattle a costly experiment; per bushel, hay, oats and corn were never higher or cheaper than now, and the fattening of cattle costs a mere bagatelle. As our circulating currency, it certainly cannot be said to be worth less now than it was one year ago. And yet, we find that last November fresh beef round was selling in our market for 8 cents a pound—now it is 16; fresh pork was selling at 15 cents—now it is held at 22.

All things considered, the price of fresh meat as it now stands is a swindle upon the public.

A butcher buys a beef for 6 cents a pound and five weight. The rule is that half the gross weight of a beef is lost in preparing it for market—or, in other words, the clean meat of a beef is only one-half its gross weight. Let us say the beef weighs 800 pounds; it costs the butcher gross \$48.00. He butchers it, yielding 400 pounds of clean meat, which sells in market for 16 cents a pound and, for \$64.00. The hide he sells the tanner for \$6.00; and the tallow sells for \$10.00. Gross receipts, \$80.00—a net profit on the beef of \$32.00. Such is unmistakably a nice thing for a butcher!

We see it stated in the papers that James Frisby, of Fayette, Missouri, proposes to furnish the best beef in the market to customers at five cents a pound. We would like to pay for an association of our friends to buy up this Missouri beef, pack it up, and bring it here by rail? We think that, after paying cost and expense of transportation, it could still be sold at figures considerably lower than the now ruling in our market.

The formation of anti-beef-eating associations has been tried in various places, and has resulted in the high prices, and with no success. If the combination be strong enough, the butchers soon are left with a customer, and must "come in" or shut up shop. It is a most potent method of bringing those worthless to their senses, and of demonstrating that people, albeit patient and long-suffering, will have some rights which they will maintain. Such an association might do great propriety be organized here now.

CRIMINALS.—The town of Bedford will be one hundred years old in June next. The Indiana Register charges that Dr. James St. Clair, Hon. Peter Sutton, and David A. Smith, all citizens of Indiana, endeavored to compass the defeat of Perry White for State Senator in this district by offering a large sum of money to place an independent candidate on the track. Game is unusually plenty in our neighboring woods just now. We need three or four deer being brought down last week, while the squirrels and other game bagged daily, Sundays excepted, are almost without number. During the past three or four days, we have been enjoying some real Indian summer weather. Our local correspondents remark that the county have been strangely remiss. We beg to hear from them soon.

The Johnstown Democrat tells of a gentleman from the State of Maine who visited a village beside the railroad and took a drink of whisky with a number of his "abolition constituents." We hear nothing about the matter; but as we write in the Democrat was probably a abolitionist at the time spoken of, and that likely composed one of the "constituents," a horn of whisky involved in the case, we will admit he ought to be authority on the subject of what he speaks.

OUR CHURCHES.—To our notion, the taste displayed in the construction and keeping in repair of its churches is a sure index of the character of a town. Thus, if the churches be of superior style and finish, and kept neat and tidy, we look for a prosperous town, with intelligent inhabitants; but, if the churches be old-fashioned, unclean, and ugly, we take it for granted that the town is at a stand-still, if not absolutely retrograding, and that the inhabitants are old fogies. If this view be a correct one, then the people of Ebensburg have cause to felicitate themselves on the prosperity of the town and on their own intelligence. Our churches are all, or nearly all, ornaments to the town, while in the way of improvements we note the following: The Catholic congregation (St. Patrick's) intend remodeling their church edifice next summer, enlarging and improving it, the funds necessary for that purpose having already been realized. It is in contemplation to build a new Disciples' church the coming summer, the proposed edifice to be of brick, and neat and tasteful in design. Several necessary improvements have lately been made on the Presbyterian church, conducting at once to its substantialness and general appearance. In addition to these, as an improvement which is more poetical than practical, we mention that the members of the Welsh Independent church are now raising by subscription the sum of \$500 wherewith to purchase a cabinet organ. There may be more improvements of like character in progress or in contemplation, but we do not know it. But this is enough to show that our people are fully awake to the necessity of keeping up or of bringing forward their church edifices to a standard commensurate with the requirements of a progressive enlightenment and a growing Christianity.

RABBIT HUNTING EXTRAORDINARY.—In a rural district not a hundred miles from this place, rabbits do much abound, and a great number are slaughtered during the fall and winter season. Some weeks since, two men, residents of the R. D. aforesaid, went out to bag a brace of the "cotton-tails." The success they met with was unique. "Shake the underbrush," shouted one to the other across a clump of bushes—"I think I see one!" Accordingly the underbrush was shaken, a ponderous foot being brought into requisition to create the necessary agitation. "Hist! I see it!"—and up went the gun of No. 1, a loud report succeeded, and a handful of slugs sped on their deadly mission. Simultaneously, No. 2 gave a yell of pain, jumped four feet and a half in the air, and then, alighting, executed a delirious fandango. He had received the full charge of slugs in his foot, which was the object that the lively imagination of the other had invested with the form and semblance of a rabbit when he proclaimed that he "saw it." No. 2 has been using a crutch of late.

THEIR SENTENCES.—The Burkholder family, tried and convicted in the Blair county Court of grand larceny, received their sentences on the 3d instant. The Court, after having kindly admonished them, giving them some wise counsel and good advice, stated that out of mercy he would make their sentences equal, in order that all should come out of prison at the same time, when their family relations could be renewed, with a view to a better and happier life. The parties were then sentenced each to pay a fine of \$5 and undergo an imprisonment in the Western penitentiary for the period of two years.

WHO CAN BEAT IT?—We acknowledge the receipt from Mr. John Westover, Susquehanna township, of one beet, thirty inches in circumference, and weighing 114 pounds. This is the biggest beet of the season of which we have seen mention, if we except the one presented to the Copperheads of New Jersey by the Union men at the election on Tuesday of last week. An accompanying note from Mr. W. informs us that he cultivated an apple measuring fourteen inches in circumference, and that from one acre of ground he realized 160 bushels of corn.

CASE DISPOSED OF.—The case of Dr. John J. Krise, of Clearfield township, Cambria county, charged with attempting to resist the draft, came up before the U. S. Court at Pittsburgh on the 16th instant. Enough of legal testimony not appearing to warrant a conviction, the prosecution was abandoned and the Doctor discharged from custody.

VISITOR.—We had the pleasure of meeting in our office on Saturday, John Scott, Esq., editor of the Brookville Republican. Mr. S. was one of the old-time residents of Ebensburg, and twenty-five years ago printed the Sky newspaper here. Success to him!

SEE Governor Curtin's Thanksgiving Proclamation.

PETERSON'S MAGAZINE.—We are in receipt of this popular Lady's Magazine for December. It is a splendid number. The principal engraving, "Papa, Papa," is one of great beauty. For many years, "Peterson's Magazine" has had a larger circulation than any other monthly in the United States. In 1866 it will be greatly improved: the reading matter will be increased, and each number will contain a double-size steel fashion plate, elegantly colored, with from four to six figures—making "Peterson" the cheapest in the world. The terms will remain \$2.00 a year to single subscribers. To clubs it is cheaper still, viz: five copies for \$8.00, eight copies for \$12.00, or fourteen copies for \$20.00. To every person getting up a club, (at these rates,) the Publisher will send an extra copy gratis. Specimens sent (if written for) to those wishing to get up clubs. Address, postpaid, Charles J. Peterson, 306 Chestnut st., Phila.

NEWSPAPERIAL.—The Johnstown Tribune gives notice that hereafter all transient advertising and job work done at that office, and all subscriptions to the paper, must be paid for in advance. This is the true principle, and the one which all country printing-offices will be obliged sooner or later to adopt. The Hollidaysburg Standard completed its twentieth volume last week. Twenty years is a long life for a newspaper, and yet the Standard looks hearty and vigorous enough to last twenty years longer. Lieut. John McWilliams has become associated with Mr. John W. Hill in the publication of the Indiana True American. Between the two, they got out a greatly improved paper last week. Mr. A. L. Guss has retired from the editorial management of the Milltown Sentinel, and is succeeded by Mr. H. H. Wilson.

THE PITTSBURGH COMMERCIAL.—This paper last week came out in a considerably enlarged form, and otherwise greatly improved. It is now the largest daily in the State, and one of the ablest and best conducted. We are glad to note this evidence of its increasing prosperity and popularity, and hope the future may deal kindly with it as the past. We cordially commend it to all who may desire to subscribe for a first-class daily.

It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity and beauty.

It is fast becoming as popular for family sewing as our Manufacturing machines are for manufacturing purposes.

JOHNSON'S RHEUMATIC COMPOUND AND BLOOD PURIFIER.

THE SOLDIER'S FRIEND! GREAT INTERNAL REMEDY!

Hear the Testimony of a Soldier.

PROVOST MARSHAL'S Office, Pittsburgh, December 17, 1864.

Mr. ANDREW JOHNSON:—Dear Sir:—In November last I had a severe attack of Rheumatism, to which I have not been subject for nearly three years. The attack was so severe that I could not move my head nor raise my arm. After trying different medicines in vain, I was induced to use your RHEUMATIC COMPOUND AND BLOOD PURIFIER, and before I had taken three bottles I was so completely cured that I could perform any duty to which my country might call me. I can gladly and confidently recommend it to my fellow-soldiers as the quickest and surest remedy I ever used. Your true friend, NORRIS PATTERSON.

Reference—J. T. Patterson and William Duncan, 77 Wood Street.

Let the Suffering Read, and Cease to Despair.

Mr. JOHNSON:—Dear Sir: This is to certify that by using three-fourths of a bottle of your RHEUMATIC COMPOUND AND BLOOD PURIFIER, I was completely cured of Chronic Rheumatism, after having suffered for more than eighteen years. It has been over four years since I was cured, and I have not felt the slightest symptoms of its return. I remain yours truly, ANDREW ARMSTRONG, No. 19 James street, ALLEGHENY CITY, May 3, 1864.

Ms. A. JOHNSON:—Dear Sir—My wife was taken bad with Inflammatory Rheumatism in March last. She was very much swollen and the pain she suffered was severe; she was confined to her bed. I was advised to try your Rheumatic Fluid and Blood Purifier, so I got a bottle of it, and before the half of it was used she was entirely well. The cure is a perfect one; I never saw such medicine. She had only taken three doses of it when the swelling and pain began to abate. All your medicine wants is to be known in order to give it success. Yours affectionately, JAMES M'ALLISTER.

My residence is No. 128 Cherry Alley, where my wife can be seen by any person doubting the truth of the above. PITTSBURGH, April 19th, 1864.

Have stood for thirty years a Staple Remedy, unequalled by any medicine known for the cure of Liver Complaint, Costiveness, Sick Headache and Bilious Disorders, and indeed for the whole class of diseases originating in bilious derangements.

GREAT CURE OF LIVER COMPLAINT.

By the Original, Only True and Genuine LIVER PILLS.

SILVER CREEK, Ohio Co., Va., Mar. 20, '49.

Mr. R. E. Sellers:—Dear Sir—I think it a duty I owe to you and the public generally, to state that I have been afflicted with Liver complaint for a long time, and so badly, that an abscess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A. R. Sharp, West Liberty, and recommended to me by my physician, Dr. F. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended—the best Liver Pills ever used; and after taking four boxes, I find the disease has entirely left me, and I am now perfectly well. Respectfully yours, D. H. COLEMAN.

I certify that I am personally acquainted with Mr. Coleman, and I can bear testimony to the truth of the above certificate.

A. R. SHARP.

SELLERS' IMPERIAL COUGH SYRUP.

Pronounced to be the Pleasantest and most Efficacious remedy now in use.

For the Cure of Coughs, Colds, Hoarseness, Influenza, Tickling Sensation of the Throat, Whooping Cough, &c., &c., &c.

Seller's Imperial Cough Syrup has given relief to hundreds who have used it, and the Proprietor is persuaded that it has the power to impart benefit that cannot be claimed for the Cough Mixtures in general use.

Most of the mixtures sold for coughs are composed of spirituous and inflammatory articles, which, while they give little relief, really do harm. The Imperial Cough Syrup contains no spirituous ingredient whatever, and may be used in all cases not requiring an active medical treatment.

Seller's Cough Syrup Without a Rival.

PITTSBURGH, Fifth Ward, Feb. 26, 1856.

Mr. R. E. Sellers:—On the 13th ult. I caught a very severe cold. The next night following I went to bed earlier than usual—yet notwithstanding I had slept none the night before my cough was so severe that I could not sleep, neither could those in the room with me. The person sleeping with me was so much annoyed by my coughing that he got up and went to a drug store, and bought a bottle of your Cough Syrup, one dose of which to my great astonishment, stopped my cough as if by magic. I went to work in the morning, and am now quite well.

Yours, &c., JOHN DEAN.

I hereby certify that I am well acquainted with the above circumstance, and the statement given is true.

A. JOHNSON.
